

Greatness - God shows His power and worth

Eternal Power
Eternal Power

Divine Nature
Divine Nature

For his invisible attributes, namely, his eternal power and divine nature, have been clearly perceived, ever since the creation of the world, in the things that have been made. - Romans 1:20

Greatness - God shows His power and worth

For his invisible attributes, namely, his eternal power and divine nature, have been clearly perceived, ever since the creation of the world, in the things that have been made. - Romans 1:20

Do you think there is any way to see some of God's greatness? How do we know that God is great? One way is by looking at the world He has made.

- Do you know how many stars are in the sky? *(There are billions of stars in our galaxy. Scientists believe there are between 10 and 50 billion other galaxies.)*
- Do you know how many kinds of fish there are? *(There are 24,000 kinds or species of fish.)*
- Do you know how many kinds of birds there are? *(There are 8,800 different kinds of birds.)*
- Do you know how many people live on the earth? *(There were about 6 billion people in 1999.)*

The world that God created shows us His greatness. Can you make 24,000 different kinds of fish? Can you make even 1 living fish? God is amazing! God is powerful! God is great!

- Every time you see a beautiful bird, God is showing you His greatness.
- Every time you look at a sunset, God is showing you His greatness.
- Every time you look out over the ocean or Lake Michigan, God is showing you His greatness.

Let's praise and worship God because God alone is great and worthy of our praise!
